Objective

Second-year B.Sc (Hons) Computer Science student with hands-on experience building full-stack web applications (React, Node.js, MongoDB) through an internship, hackathons, and freelance client work. Seeking a software development internship to apply frontend/backend skills and contribute to real-world products.

Experience

Freelance Web Developer, Self-employed / Online Clients Ongoing

- Delivered landing pages, portfolio redesigns, and business site updates for online clients
- Maintained a 98% client satisfaction rate across collaborative projects

Web Development Intern, 3Skill Pvt. Ltd. 2026
2 months Remote

- Designed modern, accessible user interfaces and built high-performance frontend features
- Integrated third-party APIs and collaborated with designers and product stakeholders
- Practiced testing, documentation, and version-controlled, sprint-based team workflows (Git)

Hackathons, SIH & Tech script 2025

- **Hackathon Projects – SocioSolve:** Developed a digital platform concept to crowdsource societal challenges and enable collaborative problem-solving through university and industry partnerships.
- Built a full-stack “Lost & Found” campus portal within a 24-hour hackathon window
- Team ranked among the top 10 out of all competing teams

Education

B.Sc (Hons) Computer Science, Chaudhary Charan Singh University 2025 – Present
first-semester SGPA: 7.9 Meerut

12th (UP Board), S.B. Inter College 2024
82% marks; secured 5th rank in college

10th, S.B. Inter College 2022
71% marks

Technical Skills

Languages

JavaScript, C, C++, R

Backend

Node.js, Express, REST API design & integration

Core CS & Tools

Data Structures & Algorithms, Git/GitHub, unit testing fundamentals

Frontend

HTML5, CSS3, React (Hooks, state management, component design)

Databases

MongoDB (SQL, document modeling)

Projects

Connect, *Real-Time Chat & Video Calling App*

React 19, Firebase, WebRTC, Cloudinary, Tailwind

- WhatsApp-style messaging with group chats, self-destructing messages, and HD WebRTC voice/video calling
- Deployed link- <https://messaging-app-jade-rho.vercel.app/> 

Art Supply Exchange, *Creator Marketplace*

React, Node.js, Express, MongoDB, Socket.IO, Cloudinary

- Full-stack marketplace for artists and students to buy, sell, swap, and trade art supplies locally
- Deployed link- <https://art-supply-exchange.onrender.com/> 

Lost & Found Portal, *Campus Utility*

TechScript Hackathon, Top 10; HTML5, CSS3, JavaScript, Firebase

- Portal enabling students to report and retrieve lost items on campus
- . Deployed link: <https://lost-found-app-17a68.web.app/> 

AI Health Mentor, *Wellness Dashboard*

React, Node.js, Express, Gemini API

- Health-monitoring dashboard that analyzes wellness metrics and suggests personalized habits

Medicore Hospital Management System

React, Tailwind

EventHub, *MERN-stack event management platform*

See GitHub or nk.site.in for details.

Achievements & Certifications

shortlist in top 10 teams

We're Selected for SIH Internal Hackathon 2026!

TechScript Hackathon — Lost & Found campus portal

5+ certificates

In coding, AI, and web development, including TCS iON and a DSA certification

2 national/regional awards

In innovation and team collaboration
